Dear Parent/Guardian:

Photos of Middletown Montessori School students involved in various school-related activities are often used as part of the schools community relations program.

Photographs may be used in school publications, newspapers and the website.

Pictures of the children working in the classroom are taken on a weekly basis. We then select six photographs and place them on the website. MMS parents are given a password to access the site. Only the first names of the students are used.

If for any reason, you do not want photographs of your child used in publications or on the web site, please print and complete the form below and return.

## PHOTO REFUSAL FORM

I do not want photographs of my child used in publications or productions.
